Job Summary

Yendra Techno Solution is seeking experienced CCTV Field Technicians with strong expertise in CCTV installation, IP camera configuration, DVR/NVR setup, and security system troubleshooting.

The selected candidates will be responsible for installing, configuring, maintaining, and troubleshooting CCTV surveillance systems for residential, commercial, and office projects across Bangalore. Candidates with hands-on experience in IP CCTV systems and networking basics will be preferred.

Key Responsibilities

- Perform CCTV cable laying, routing, termination, and labeling
- Install and configure Analog and IP CCTV cameras
- Setup and configuration of DVR, NVR, and IP cameras
- Install cable pathways including conduits and cable trays
- Troubleshoot CCTV system faults and perform CCTV service
- Assist in network configuration for IP camera systems
- Conduct system testing and ensure proper camera coverage
- Coordinate with clients during installation and service visits
- Provide on-site technical support for CCTV systems

Required Skills

- Minimum 3+ years of experience in CCTV installation and service
- Strong knowledge of DVR, NVR, and IP camera configuration
- Experience in CCTV cabling, conduit installation, and cable routing
- Knowledge of network basics for IP camera systems
- Ability to troubleshoot CCTV hardware and connectivity issues
- Experience handling customer site installations

Preferred Skills (Added Advantage)

- Basic IT networking knowledge
- Basic electrical installation knowledge
- Experience in Access Control or Biometric Systems
- Experience in commercial or office CCTV installations

Eligibility Criteria

- Minimum 2 years of field experience in the CCTV industry
- Valid two-wheeler driving license
- Willing to work on field projects across Bangalore
- Ability to work effectively in a team environment
- Willingness to learn new CCTV technologies
- 100% willingness to travel for complete field work

Salary & Benefits

Salary: ₹21,000 – ₹25,000 per month (Take Home) – Based on experience and technical skills

- Free Accommodation (Room only)
- Petrol / Travel Allowance
- Company Mobile SIM
- Company T-shirt
- Professional Tool Bag
- CCTV Technology Training
- Cell phone reimbursement
- Flexible schedule
- Leave encashment
